Location

Santa Claus, Indiana, is located north of the Ohio River in southern Indiana, approximately seven miles south of Interstate 64 between Louisville, Kentucky, and Evansville, Indiana.

Themed Town

The famous town is home to the world's only post office with the Santa Claus name. The world's first theme park is also located in Santa Claus; Holiday World & Splashin' Safari (originally called Santa Claus Land) opened in 1946. Most of the businesses in Santa Claus have Christmas-themed names such as Santa's Lodge, Lake Rudolph Campground & RV Resort, the Santa Claus Christmas Store, Christmas Lake Golf Course, Kringle Place, and Holiday Foods. Many of the establishments display Christmas lights and decorations year round. Nearly all the streets in Santa Claus are holiday-themed as well: Christmas Boulevard, Candy Cane Lane, and Mistletoe Drive. There are over 20 Santa Claus statues located at various locations throughout the community.

Population

The town of Santa Claus was incorporated in 1967 with a town board of three members and a clerk-treasurer. The population of the town at that time was less than 50. Today, this rural community is the home to approximately 2,500 people. During the summer months, the number of visitors outnumbers the residents many times over.

Naming of Santa Claus

The original town of Santa Claus, Indiana, was actually called Santa Fee. However, upon learning there was already a town in Indiana with the similar name of Santa Fe, the townspeople had to come up with a new name in order to obtain a post office.

According to local legend, it was a cold December night when the townspeople gathered together in a small church to choose a new town name. A gust of wind blew open the church doors and the sound of sleigh bells could be heard. A child exclaimed that it must be Santa Claus and the townspeople decided the town would be called Santa Claus, Indiana. This name was officially accepted by the United States Post Office Department in 1856.

Early Development

In the mid-1930s Attorney Milton Harris coordinated a deal with the Curtiss Candy Company and built a castle-like building for selling candy to visitors to the town. He also built a factory where Santa sleighs were built. Several toy companies built small plants in Santa Claus where they manufactured and displayed toys. In 2006, Santa's Candy Castle was fully restored and re-opened to the public offering handmade confections and gourmet hot chocolate.

Original Santa Statue

Businessman Carl A. Barrett collected donations and opened a park with a large statue of Santa Claus in 1935. The statue, dedicated "to the children of the world" is 22 feet high. This landmark has a base in the shape of the star of Bethlehem, with its principal point showing the way east to the land of the Christmas story. In 2011, the statue was restored to its original condition.

World's First Theme Park

On August 3, 1946, Evansville industrialist Louis J. Koch opened Santa Claus Land. This was the first theme park built in the world. (Disneyland opened nine years later.) The original Santa Claus Land included the Santa Claus Land Train, toy displays, a food and souvenir shop, plus a special place to visit Santa Claus. In 1984, additional holiday-themed sections were added including Halloween and Fourth of July and the park was renamed Holiday World. In 1993, Splashin' Safari water park was added. TripAdvisor.com has named it the nation's #1 Water Park. In 2006, the park expanded again adding a fourth holiday section, Thanksgiving. During the summer months over 1 million guests visit the family parks, which have been repeatedly voted the World's Friendliest and Cleanest. The park is home to three of the world's top-rated wooden roller coasters: The Voyage, The Raven, and The Legend. The park is also home to the world's longest water coaster, the Mammoth. In 2015, the parks introduced the nation's first launched wing roller coaster - Thunderbird.

Santa Claus Post Office

In the 1850s, the U.S. Postal Department gave official notice that the community would have a post office. The Santa Claus Post Office is the only post office in the world with Santa's name. Each year the post office receives thousands of letters to Santa from children all over the world. The Post Office offers a holiday picture postmark during the month of December that also attracts mail from all over the world. Over 400,000 pieces of mail go through the Santa Claus Post Office during the holidays.

Each year the Santa Claus Museum & Village and a group of local volunteers called "Santa's Elves" answer letters sent from children all around the world. They make sure each child receives a reply from Santa Claus; in 2014 over 15,000 letters were answered. This tradition has been traced back as far as the 1920s.

Santa Claus Christmas Celebration

Experience traditional events during the first three weekends of December such as Chestnuts Roasting on an Open Fire at Santa's Candy Castle and Christmas Dinner with Santa at Santa's Lodge. Drive through Lake Rudolph's 1.2-mile "Santa Claus Land of Lights" to learn the shining story of Rudolph, and browse through the Santa Claus Arts & Crafts Show and other themed shops.

Today

Santa Claus, Indiana, has wonderful themed attractions and shops that truly bring out the spirit of Christmas. The famed little town offers unique attractions, shopping, and themed lodging.

Lincoln in Spencer County, Indiana

Years spent in Spencer County: 14; from age 7 to 21

Year moved to Spencer County: 1816

Why move to Spencer County? To own land free of title disputes and the taint of slavery. In Kentucky, Lincoln's Father Thomas lost land three times due to title flaws.

Year Lincolns left Spencer County, Indiana, for Illinois: 1830

Lincoln Family Members:

Mother, Nancy Hanks Lincoln died in 1818 of milk sickness, an illness caused from drinking milk from cows that consumed poisonous white snakeroot. She is buried at Lincoln Boyhood National Memorial in Lincoln City, Indiana.

Father, Thomas Lincoln was a farmer and skilled carpenter. You can see a hutch Thomas Lincoln built on display at the Lincoln Pioneer Village & Museum in Rockport, Indiana.

Sister, Sarah Lincoln Grigsby died during childbirth in 1828. She is buried at Lincoln State Park in Lincoln City, Indiana, along with her stillborn child and her husband, who passed away several years later.

Dennis Hanks is a cousin whose parents also died of milk sickness and who lived with Abraham Lincoln's family. He later owned property that is now home to Buffalo Run Farm, Grill & Gifts.

Step-Mother Sara Bush Johnston is a widow with three children; she married Abraham Lincoln's father, Thomas, in 1819 in Elizabethtown, Kentucky, and returned with him to Spencer County, Indiana.

Significant Experiences in Lincoln's Spencer County Life:

- Lincoln attended log cabin schools, developed a love for reading, and a curiosity for knowledge.
- Lincoln won his first court case in Rockport, Indiana, while still a teenager, representing himself in a dispute with a local ferry boat company. Lincoln would regularly ferry passengers out to meet passing steamboats and he soon got sued by the local ferry company which said he was infringing on their rights to ferry people across the river. Lincoln won his case by arguing that he wasn't taking people across the river...he was only going half way.
- In 1828, Lincoln embarked on a flatboat trip to deliver goods to New Orleans for local general store owner James Gentry, along with Gentry's son Allen. It was in New Orleans that Lincoln witnessed a slave auction, influencing the anti-slavery views he promoted as president.

FREQUENTLY ASKED QUESTIONS

I'm going to Holiday World, where can I find a local kennel for my dog?

Holiday World: In 2015, guests have the choice of an air-conditioned kennel or an outdoor kennel. The fee for the indoor, air-conditioned kennel is \$20 per day; the fee is \$10 for the outdoor kennel; there is a \$5 charge per additional pet housed in the same kennel. Additionally:

- Space in both kennels is available on a first-come, first-served basis (sorry, we do not take reservations), during regular park hours only.
- Be sure to bring your pet's food (an attendant will keep pets watered during the day).
- It is the pet owner's responsibility to walk the pet (please be sure to bring a leash for pet's potty break).
- The individual kennels vary in size; the largest measure 46" long x 23" wide x 36" high.
- Check-in is at Guest Relations.
- With the exception of Service Animals, pets are not permitted in the parks.
- Please note that pets must be on a leash, in a harness or in carriers to be allowed on trams in the parking lot.

Where's the nearest Wal-Mart?

Many times you can find what you are looking for somewhere closer, such as the Santa Claus Dollar General or CVS in Ferdinand. Also for swimwear and swim shoes for individuals going to Holiday World, prices are often times just as cheap as Wal-Mart.

The closest Wal-Mart is in Jasper, Indiana. Take HWY 162 West, turn North onto HWY 231. Stay on HWY 231 for approximately 20 miles. You'll go through the town of Huntingburg, and Wal-Mart is on the north side of Jasper.

Wal-Mart in Tell City is good for those that don't want to get stuck in summer traffic, or may be staying in Tell City. Take HWY 245 South. Turn left onto HWY 70, continue East onto HWY 66 until you reach Tell City. Turn left on Payne St to stay on HWY 66, and turn right on 12th Street to stay on HWY 66. Continue for another couple miles and you'll see the Wal-Mart on your left side.

Where are the nearest public restrooms?

Public restrooms are available at the Spencer County Visitors Bureau and the Santa Claus Christmas Store. If stairs are an issue for you, please choose the store.
